### ***About Us***

The Information and Policy Analysis Center, Inc. (IPAC) has built a foundation of broad and deep knowledge to impact and make a difference in the most important and pertinent areas of opportunity in today's world. Our interdisciplinary expertise in policy, communication, education, socio-economic development, defense, energy, homeland security and environmental protection combines theory with real-world experience.

### ***Mission Statement***

IPAC is dedicated to producing exacting research and unbiased analysis through quality education. Our mission is to stimulate and support relevant social science research that addresses major domestic and international issues and to disseminate those findings widely to professionals, scholars, policy-makers and the public at large.

### ***Education***

As a non-partisan, non-profit educational foundation, IPAC seeks to promote constructive dialogues among diverse cultures and civilizations. While our educational efforts extend to the general public, we acknowledge that today's students need to develop an understanding of communication, international relations and cultures to compete in the global environment. Whether pursuing careers in business, public service, education, or non-governmental organizations, IPAC promotes such goals by providing funding for student awards to organizations such as the Florida Political Science Association.

### ***Quality Research Standards***

IPAC provides high caliber and realistic research on significant national and international issues. At IPAC, we are proud of the ways by which we ensure that our training sessions, research products and consulting services reflect our core values of dedication to excellence and objectivity in a complex world.
